new lighting atmospheres

Cattaneo, forte dei suoi quarant'anni di storia nel mondo dell'illuminazione, si racconta attraverso un rinnovato approccio comunicativo e una collezione di prodotti capaci non solo di illuminare gli ambienti, ma di generare nuove atmosfere.

Non una trasformazione, ma un'evoluzione basata sulla consapevolezza dei propri caratteri di unicità: valori autentici, che dall'azienda familiare, sono maturati in una realtà aziendale d'avanguardia, che desidera dare la propria personalissima risposta al presente evidenziando una predisposizione tecnologica al futuro.

La passione artigianale e la ricerca tecnologica generano corpi illuminanti che sono il connubio di dettagli perfetti. Ogni lampada è frutto di un processo creativo che fonde progettazione e ricerca generando oggetti di forte impatto estetico, capaci di rispondere alle esigenze funzionali e relazionarsi con l'utilizzatore dal punto di vista empatico e sensoriale.

Il concetto di made in Italy, oltre ad offrire cura artigianale e innovazione tecnologica, evolve in life style: i prodotti Cattaneo diventano strumento indispensabile nella progettazione degli spazi e promettono di emozionare attraverso il design della luce.

Cattaneo, with its forty years' experience in the lighting business, describes itself by means of a renovated communicative approach and a collection of products able to lighten spaces as well as giving birth to new atmospheres.

Not a transformation, but an evolution based on the awareness of its own peculiarities: genuine values that from a family business have grown wiser into a leading edge business institution, willing to give its own and personal answer to the present, outlining a real technological talent for future.

Artisan passion and technological research give birth to light fittings that represent the union of perfect details. Each light is the result of a creative process that blends design and research, creating objects with a strong aesthetical effect, able to respond to functional requirements and to relate themselves with the end user from an emphatic and sensory point of view.

The concept of Made in Italy does not simply mean artisan care and technological innovation, but evolves into "life style": Cattaneo products become the essential instrument to design spaces; their shaping of the light vows to get people emotional.

Cattaneo, mit seiner vierzigjährigen Geschichte in der Welt der Beleuchtung, erzählt seine Geschichte durch einen erneuerten kommunikativen Ansatz und eine Sammlung von Produkten, die nicht nur die Räume beleuchten, sondern auch neue Atmosphären erzeugen können.

Keine Transformation, sondern eine Evolution, die auf dem Bewusstsein der eigenen Eigenschaften der Einzigartigkeit basiert: authentische Werte, die aus dem Familienunternehmen stammen, sind zu einer avantgardistischen Geschäftsrealität gereift, die der Gegenwart ihre ganz persönliche Antwort geben will und eine technologische Prädisposition für die Zukunft aufzeigt.

Die Leidenschaft für Handwerk und technologische Forschung erzeugt Leuchten, die die Kombination perfekter Details sind. Jede Lampe ist das Ergebnis eines kreativen Prozesses, der Design und Forschung verbindet, Objekte mit starker ästhetischer Wirkung erzeugt, in der Lage ist, auf funktionale Bedürfnisse zu reagieren und sich aus einfühlsamer und sensorischer Sicht mit dem Benutzer zu befassen.

Das Konzept von Made in Italy entwickelt sich neben handwerklichem Können und technologischer Innovation auch zum Lifestyle: Cattaneo-Produkte werden zu einem unverzichtbaren Werkzeug bei der Gestaltung von Räumen und versprechen, durch die Gestaltung von Licht zu begeistern.

design by Studio Tecnico Cattaneo

Lampada che con la sua struttura spezza lo spazio creando giochi luminosi con le sue finiture in bianco o nero.

E' stata progettata come lampada a sospensione a soffitto e a parete con luce diffusa da una lastra di vetro extrachiaro e sorretta da una struttura in metallo cromato.

Lamp that with its structure breaks up the space creating bright games with its finishes, in white or black.

It has been designed as a suspension lamp, ceiling and wall lamp with light diffused by a sheet of extra-clear glass and supported by a chromed metal structure.

Lampe, die mit ihrer Struktur den Raum aufbricht und mit ihren Ausführungen in Weiß oder Schwarz helle Spiele erzeugt.

Sie wurde als Hänge-, Decken- und Wandleuchte konzipiert, bei der das Licht von einer extraklaren Glasscheibe gestreut und von einer verchromten Metallstruktur getragen wird.
