

NOVA LUCE

ABOUT US

Design | Quality | Reliability

Light is the secret ingredient of our identity, indicates who we are and what we stand for. Coming from different backgrounds, economists, interior designers, artists and graphic designers we use the main ingredient of our country -Light- to compose Nova Luce. With persistence and belief in good design and high quality, we design and produce luminaries since 2007 for the Greek and European market presenting refreshing ideas for the aesthetics of any room. Seeking through forms and materials we end up choosing durable lighting fixtures, both classic and modern, that transform any space into something special!

design is a matter of

LIGHT

light is a matter of design

Light and Design are two primary values in every concept of architecture and art. Without light everything would be lost in the dark. Colors, textures and patterns wouldn't exist and designs wouldn't matter. An adequate and proper source of light emphasizes the design of everything surrounding us; from the small details of the clothes that we wear, to the furniture of our favorite spot at home and the retail windows that attract us and make their products look appealing.

Light transforms the feeling of every space and impacts our mood, making it the most powerful tool of Design. So, the same way design is a matter of light, light is a matter of design too. A luminaire is an integral piece of the decoration and a necessary element of our lives, so it should be functional and elegant. The material it is made of, it's color, texture, design and quality are the key features that make a luminaire ideal to complete the look of our space. Our collections represent the different styles of design you can find in every space throughout the world, from contemporary lofts to classic houses, designer hotels, hip bars and comfort houses.

the shape collection

The wavy line of the flow collection is transformed into perfect circles that meet ellipses and create a distinct lyrical play of circular shapes inspired by mid-century modern design elements.

Nova Luce presents the RANDO SMART series. A series of smart luminaires that can be controlled from a smartphone, a tablet or a smart home system such as Amazon Echo or Google Home.

The brightness, status and color temperature of each light, can be adjusted directly from your smart device or voice assistant over Wi-Fi without the need of any additional hubs.

A QUICK GLANCE AT THE BENEFITS OF RANDO SMART:

- Quick and easy installation
- No need for an additional gateway / smart hub
- Compatible with Amazon Echo and Google Home
- Can be controlled from your smartphone or tablet using the Tuya App.

SMART FEATURES:

- Remotely power on and off the device
- Brightness adjustment (10% - 100%)
- Color Temperature adjustment (3000K - 4000K)
- Control of multiple lights simultaneously using groups
